Feedback & Questions

"Open" by C. Michelle Olson; <http://cmichelleolson.com/>

About this image: *This image of beautiful, bold pink cherry trees with a gate that opens up to a gorgeous garden symbolized new beginnings to me. As I walked through the doors admiring all the blooming cherry trees, I witnessed a floral display to capture all nature lovers' attention. These flowers were situated near a running creek which gave life to flowers, birds, trees, and nature admirers. As I walked down the path of fragrant nature, I felt a need to welcome new changes into my life. Anything new, different, happy, interesting, and beautiful. When the heart can be open to change, life takes on a whole new meaning. —C. Michelle Olson*
