"Sunset" by C. Michelle Olson; <http://cmichelleolson.com/>

About this image: *"I feel that sunsets are a wondrous sign of God's beauty. I am a chaser of beauty in all forms but sunsets are especially intriguing to me. The colors are always vivid, striking, and different, like a painting in the sky. This sunset was in the mountains of Southern California where I was visiting for the weekend and able to witness it on a spectacular evening."*—CMO

29 AGAIN & Other Cancer-Fighting Stories
By Mark Barkawitz

*What would you do with your own Fountain of Youth?
A how-to guide for surviving an incurable cancer*

There are few things like a cancer diagnosis to throw your whole world into turmoil. It used to be a certain death sentence. Cancer used to have a way of writing its own stories. But now in many cases, doctors have the tools to rewrite the endings.

After trading-in his surfboard for a four-wheeled walker with hand brakes, the author battles for survival against an incurable cancer in the rapidly-improving world of 21st century medicine. Buoyed by an indomitable spirit, with the determination of an athlete, and with self-described "gallows humor," Barkawitz has penned an inspirational book that is a must-read for anyone who has been affected by this life-threatening disease.

A book about cancer that isn't a bummer!
